daisymakesradio@gmail.com | 267-889-1296 | Philadelphia, PA | [linkedin.com/in/daisymakesradio](https://www.linkedin.com/in/daisymakesradio)

Portfolio: daisymakesradio.github.io/portfolio

SKILLS & ACCOMPLISHMENTS

- 100M+ engaged users across TV, radio, print, and online
- 2 International Women's Podcast Awards | 3 Webby Award nominations
- Freelance end-to-end pre-and-post-production for nationally distributed broadcast and podcast shows
- Field and studio engineering across digital and analog AV equipment (Canon, Rode, Shure)
- Independent editorial judgment, fact-checking, and cross-platform storytelling
- Collaboration with high-profile on-air talent and distributed production teams
- Tools: Pro Tools, iZotope RX, Premiere Pro, OBS, Python, JavaScript, HTML, CSS, Git/GitHub
- Storytelling & Technology Course Instructor, Fleisher Art Memorial
- Recent Project: Subluna — solo-built astrology app and geolocated radio that shifts with the moon's position

EDUCATION

- B.S. Product Design, Game Design minor — Drexel University, expected 2028

EXPERIENCE

Producer | iHeartMedia, New York, NY | Feb 2022 – May 2026

- Led post-production management and design for two award-winning shows, *When You're Invisible* and *Afterlives*
- Collaborated with hosts, writers, and engineers to keep concurrent shows on schedule

Culture Writer | The Philadelphia Inquirer, Philadelphia, PA | June 2020 – Feb 2026

- Worked as a journalist researching, writing, and fact-checking culture features for online and print publication
- Managed multiple assignments simultaneously from intake through final submission

Producer | NPR, New York, NY | March 2017 – June 2021

- Worked as reporter/producer gathering and packaging local news stories across broadcast, web, and social platforms
- Edited and designed segments to meet broadcast formatting and compliance standards

Sound Engineer | The Recount, New York, NY | Aug 2020 – May 2021

- Edited and engineered audio for several shows, including *Just Something About Her* and *Hell & High Water*
- Tracked submissions across concurrent shows to confirm successful delivery

Producer | SPLC, Montgomery, AL | Feb 2019 – Feb 2020

- Assembled and edited a Webby Award-nominated investigative series, *Sound Like Hate*, under tight deadlines
- Translated detailed source material into accurate, polished final deliverables

Audio Engineer | New York Times, New York, NY | April 2018 – Sept 2018

- Captured and engineered field audio at nationally significant news events
- Gathered interviews and other audio under high-pressure deadlines for a Webby-nominated daily news show

Producer | Undark, Cambridge, MA | Dec 2017 – Feb 2019

- Reported and produced long-form audio features on science and philosophy

Editor | Vox Media, Los Angeles, CA | Jan 2017 – June 2018

- Provided remote production support for weekly pop-culture shows

Executive Producer | daisymakesradio LLC, New York, NY | Sept 2014 – Oct 2016

- Founded, wrote, produced, and designed the pilot for *The Cohabit*, a hybrid fiction/documentary relationship podcast
- Engineered a cassette-deck recording technique to authentically capture the “found tape” narrative
- Solo-produced pilot quality that launched a professional career in radio/podcast production

Audio Engineer | Paramount Media, New York, NY | Aug 2014 – Sept 2014

- Worked on-set for commercial shoots, operating boom mics and capturing production audio
- Supported live commercial production crews with real-time recording, mic placement, and audio monitoring
